

PLACEMENT OF UNLICENSED VEHICLES, MOBILE STORAGE DEVICES, TRASH RECEPTACLES, DUMPSTERS AND ROLL-OFF CONTAINERS ON PUBLIC PROPERTY

DEFINITIONS:

“CONTAINERS” here after refers to: unlicensed vehicles, trash receptacles, mobile storage devices, dumpsters or roll-off containers.

NOTE: Item 5 applies to **licensed vehicles**, including dump trucks or trailers, when applicable.

To install or place CONTAINERS on City of Royal Oak Public Property:

1. A **City of Royal Oak - Right-of-way Permit** is required. The permit has the following conditions that must be met prior to issuance:
 - a. Liability Insurance as outlined in the permit application must be secured with the appropriate coverage limits, additional insured and cancellation notice.
 - b. A cash bond of no less than \$2,000 or as determined by the city engineer to cover any type of damage to city property.
 - c. Payment of all required permit application fees and inspection fees which are for a minimum of 2 hours of inspection or as determined by the Engineer.
 - d. A plan indicating the location of the CONTAINERS shall be submitted for review which shall include adequate dimensions and notations to indicate existing features, parking meters, special parking regulations in the vicinity of placement adjacent trees and utility poles/street lights.
2. The CONTAINERS shall be placed on a paved roadway that is signed to legally allow for vehicle parking. **Placement in Public alleys is highly discouraged.** They shall not be installed on or across public sidewalk, or landscaped areas of right-of-way.
3. The CONTAINERS shall be properly barricaded with LIGHTED Type II barricades in sufficient number as determined by the city engineer.
4. Planking, approved by the Engineer, must be placed on the pavement below the wheels, tracks, slides or supports of the CONTAINERS to protect the pavement.
5. When CONTAINERS **and related barricading** placed in public parking spaces regulated with parking meters, all public parking spaces blocked from use shall be paid for the duration of the installation **in advance at the City Treasurers Department.**
6. The CONTAINERS shall be covered with appropriate tarps or covers when not in active filling activities.
7. Upon removal of the CONTAINERS, the Public right-of-way shall be properly repaired or restored, including all pavements and landscaping if necessary, and **cleaned** of all debris prior to refund of all bonds.
