Suggestions for downtown Royal Oak park  Sep 12, 2018

1. plenty of cafe tables and chairs which can be easily moved by people within the park for different groups of people, families, someone reading, etc

2. umbrellas for cafe tables and chairs

3. different trees and plantings, not a big empty open space of grass

4. If there is a bandshell, this should not be the central theme or focus of the park. Want a park which people use every day not just for events

5. some connection with the War Memorial and Star Dream fountain and Library

5. An imaginative landscape design—maybe one which will surprise people and certainly encourage people to want to be in the park morning and afternoon and evening. Want to see young people, families with children, old people aka seniors (that's me)

6. a place where you can feeling comfortable and welcome if you want to sit with a book and read or drink a latte or eat lunch or bring your kids after work.

7. LOTS OF WAYS TO ENTER

8. A PARK THAT IS INVITING IN ALL SEASONS
